

# Quand **ON** sort, Chauffage / climatisation sur **OFF**

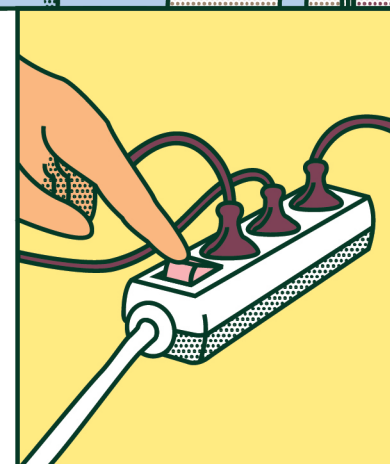

When you're **ON** the go, turn **OFF** the climate control.

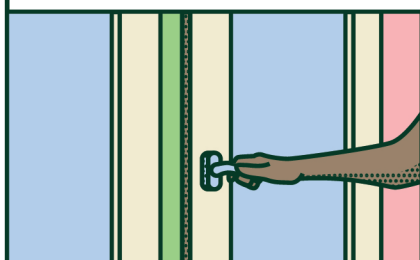

Avant d'aller me coucher,  
je **débranche** mes  
appareils en charge

**J'éteins** la lumière quand  
je quitte une pièce

**Je coupe** les appareils  
électriques en veille

En été, j'**aère** aux heures  
les plus fraîches
